Rev. 11/23

A HHUNY Affiliated Health Home

WHAT IS A HEALTH HOME?

A Health Home isn't a place. It is a program that consists of a large network of community providers that work together to help Medicaid members receive and manage supportive services.

A Health Home Care Manager will work with you to develop a care plan to successfully help you achieve your goals.

A Health Home Care Manager will help you manage all of your medical, dental, mental health, and substance abuse needs.

A Health Home Care Manager can also provide you with links to important community-based needs such as housing, food, transportation

A HEALTH HOME CAN ASSIST YOU TO...

- **Identify** your goals
- **Coordinate** your care by effectively communicating with all of your providers
- **Advocate** on your behalf so you receive the care that you deserve
- **Navigate** the complex healthcare system
- **Link** to resources to obtain essential services
- **Learn** more about meaningful activities to improve your health and keep you healthy

All based on individual needs and services!

We do what it takes to get you the support **YOU** need.

IS A HEALTH HOME RIGHT FOR YOU?

Some Questions to Ask Yourself...

- Do you have chronic or mental health conditions for which you need regular doctor's care?
- Do you have a doctor you can see when you need to?
- Do you have a safe place to live?
- Do you have someone in your life to help whenever you need help?
- Do you have difficulty keeping appointments?

DOES IT COST ME ANYTHING TO ENROLL?

NO. Enrollment in the Health Home program is provided **FREE** of charge to you, if you are on Medicaid.

"A Health Home helped me stay clean for my daughter and myself. My care manager helped me find work and graduate from drug and alcohol AND she is still there for me today."

Patricia -Health Home Member

WHO IS ELIGIBLE?

If you are a Medicaid recipient or believe that you may qualify for Medicaid **and** meet one of the following criteria:

- You have 2 chronic health conditions such as asthma, diabetes, heart disease, mental health condition or substance use disorder
- You have a Serious Mental Illness
- You have HIV/AIDS

"My care coordinator helped me apply for services to get food and disability. I'm greatly thankful for all of that. So grateful that services are free."

J.S. -Health Home Member
